Carpet Cleaning Solutions

Gardner Denver understands the complex needs and challenges of carpet cleaning industry and offers a unique range of carpet cleaning blowers/vacuum pumps known for their excellent performance and low maintenance.

Sutorbilt Legend DSL

- Pressure to 15 psig
- Vacuum to 16" Hg
- Airflow to 950 cfm
- 24/30 Warranty

- Legendary 75 years of proven results and most recognized name in the industry
- Operating temperatures are up to 15°F cooler compared to leading competitive brands for longer bearing life
- Greater durability with an increased capacity for overhung load by as much as 30%
- Unmatched weight, rigidity and strength protect against bearing wear, rotor contact and overall package vibration
- Universal mounting feet allows for easy field conversion

TriFlow

- Vacuum to 16" Hg
- Airflow to 700 cfm
- 12/18 Warranty

- Leading OEM choice for vacuum cleaning systems
- Patented Tri-Lobe Design for quiet operation and low pulsation
- Heavy-duty design for reduced downtime
- Advanced oil/air seals for reliable oil-free air delivery
- Independent oil sumps prevent cross-contamination and allow the vacuum pump to operate safely on an incline when used in carpet cleaning applications
- The inlet and outlet ports include both flange and FNPT connections for ease of plumbing
- More than 5,000 units in active operation to date

HeliFlow

- Pressure to 15 psig
- Vacuum to 16" Hg
- Airflow to 3200 cfm
- 24/30 Warranty

- Innovative, proprietary, smooth-running, solid helical rotor profile significantly reduces pulsations and discharge noise levels for quieter operation
- Oversized spherical roller bearings for superior reliability (616 & 624)
- Dual Splash Lubrication for reduced maintenance intervals and superior durability
- 7 dBA quieter than standard Tri-Lobe

AEON® Synthetic Lubricants

- AEON PD Synthetic Lubricants are custom blended, synthetic hydrocarbon (polyalphaolefin) based oils
- Factory recommended for Gardner Denver Sutorbilt®, HeliFlow® and TriFlow® PD blowers and vacuum pumps
- Formulated for minimal blower wear and maximum equipment life
- Optimized viscosity provides superior lubrication in severe hot and cold temperatures with minimal energy consumption
- Better for the environment
