

## SAFETY DATA SHEET

### 1. Identification

#### Identification

**Product name:** AEON 4000

#### Additional identification

**Chemical name:** Proprietary compressor oil

#### Recommended use and restriction on use

**Recommended use:** Formulated Industrial Lubricant

**Restrictions on use:** None identified.

#### Details of the supplier of the safety data sheet

##### Supplier

**Company Name:** Gardner Denver

**Address:** 1800 Gardner Expressway  
Quincy IL 62305  
US

**Telephone:** Gardner Denver: 217-222-5400;

#### Emergency telephone number:

FOR TRANSPORT EMERGENCY CALL CHEMTREC (+1)703 527 3887, OR WITHIN USA 800 424 9300

### 2. Hazard(s) identification

#### Hazard Classification

Not classified

#### Label Elements:

**Hazard Symbol:** No symbol

**Signal Word:** No signal word.

**Hazard Statement:** not applicable

**Precautionary Statements:** not applicable

**Other hazards which do not result in GHS classification:** None identified.

### 3. Composition/information on ingredients

#### General information:

Chemical name	CAS number	Percent by Weight
Mineral oil	72623-87-1	70 - 80%
Mineral oil	72623-85-9	20 - 30%
Proprietary additive	Not determined.	1 - 5%

#### 4. First-aid measures

- Ingestion:** Treat symptomatically. Get medical attention.
- Inhalation:** Remove exposed person to fresh air if adverse effects are observed.
- Skin Contact:** Wash with soap and water. Get medical attention if symptoms occur. Launder contaminated clothing before reuse.
- Eye contact:** Any material that contacts the eye should be washed out immediately with water. If easy to do, remove contact lenses.

#### Most important symptoms/effects, acute and delayed

- Symptoms:** See section 11.

#### Indication of immediate medical attention and special treatment needed

- Treatment:** Treat symptomatically.

#### 5. Fire-fighting measures

- General Fire Hazards:** No unusual fire or explosion hazards noted. Do not release chemically contaminated water into drains, soil or surface water.

#### Suitable (and unsuitable) extinguishing media

- Suitable extinguishing media:** CO<sub>2</sub>, Dry chemical or Foam. Water can be used to cool and protect exposed material.

- Unsuitable extinguishing media:** Not determined.

- Specific hazards arising from the chemical:** See section 10 for additional information. A solid stream of water will spread the burning material. Material creates a special hazard because it floats on water.

#### Special protective equipment and precautions for firefighters

- Special fire fighting procedures:** No data available.

- Special protective equipment for fire-fighters:**

Recommend wearing self-contained breathing apparatus. Do not use a water jet. Water may cause splattering. Use water to cool containers exposed to fire.

## 6. Accidental release measures

<b>Personal precautions, protective equipment and emergency procedures:</b>	Personal Protective Equipment must be worn, see Personal Protection Section for PPE recommendations. Ventilate area if spilled in confined space or other poorly ventilated areas. Only trained personnel should be permitted in area. Caution: Contaminated surfaces may be slippery.
<b>Methods and material for containment and cleaning up:</b>	Dike far ahead of larger spill for later recovery and disposal. Pick up free liquid for recycle and/or disposal. Residual liquid can be absorbed on inert material.
<b>Environmental Precautions:</b>	Avoid release to the environment. Do not contaminate water sources or sewer. Environmental manager must be informed of all major spillages. Prevent further leakage or spillage if safe to do so.

## 7. Handling and storage

<b>Precautions for safe handling:</b>	Material can accumulate static charges which may cause an electrical spark (ignition source). Use proper bonding and/or grounding procedures. Use grounding and bonding connection when transferring material. In case of spills, beware of slippery floors and surfaces. Observe good industrial hygiene practices. Provide adequate ventilation. Wear appropriate personal protective equipment. Keep containers closed when not in use. Avoid contact with skin or eyes. Do not eat, drink or smoke when using the product. Avoid breathing dust, fume, gas, mist, vapors or spray. Launder contaminated clothing before reuse. Use spark-proof tools and explosion-proof equipment. Empty containers retain material residue. Do not cut, weld, braze, solder, drill, grind or expose containers to heat, flame, spark or other sources of ignition.
<b>Maximum Handling Temperature:</b>	Not determined.
<b>Conditions for safe storage, including any incompatibilities:</b>	Store away from incompatible materials. See section 10 for incompatible materials.
<b>Maximum Storage Temperature:</b>	Not determined.

## 8. Exposure controls/personal protection

### Control Parameters:

#### Occupational Exposure Limits

Chemical name	Type	Exposure Limit Values	Source
Mineral oil - Inhalable fraction.	TWA	5 mg/m <sup>3</sup>	US. ACGIH Threshold Limit Values (03 2014)
Mineral oil - Inhalable fraction	TWA	5 mg/m <sup>3</sup>	US. ACGIH Threshold Limit Values (03 2014)

**Appropriate engineering controls:** No special requirements under ordinary conditions of use and with adequate ventilation.

#### Individual protection measures, such as personal protective equipment

**General information:** Use personal protective equipment as required.

**Eye/face protection:** If contact is likely, safety glasses with side shields are recommended.

#### Skin Protection

**Hand Protection:** Nitrile. Use nitrile or neoprene gloves. Use good industrial hygiene practices. In case of skin contact, wash hands and arms with soap and water.

**Other:** No data available.

**Respiratory Protection:** Use disposable dust/mist mask if the recommended exposure limit is exceeded. Consult with an industrial hygienist to determine the appropriate respiratory protection for your specific use of this material. A respiratory protection program compliant with all applicable regulations must be followed whenever workplace conditions require the use of a respirator.

**Hygiene measures:** Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing to remove contaminants. Discard contaminated footwear that cannot be cleaned.

## 9. Physical and chemical properties

### Appearance

**Physical state:** liquid

**Form:** liquid

**Color:** Green

**Odor:** Hydrocarbon

**Odor threshold:** No data available.

**pH:** No data available.

**Freezing point:** No data available.

**Boiling Point:** No data available.

**Flash Point:** 410 °F (210 °C) (COC)

**Evaporation rate:** No data available.

**Flammability (solid, gas):** No data available.

#### Upper/lower limit on flammability or explosive limits

**Flammability limit - upper (%):** No data available.

**Flammability limit - lower (%):** No data available.

**Explosive limit - upper (%):** No data available.

**Explosive limit - lower (%):** No data available.

**Vapor pressure:** No data available.

**Vapor density:** No data available.

Relative density:

0.866 60.1 °F (15.6 °C)

## Solubility(ies)

<b>Solubility in water:</b>	No data available.
<b>Solubility (other):</b>	No data available.
<b>Partition coefficient (n-octanol/water):</b>	No data available.
<b>Auto-ignition temperature:</b>	496 °F (258 °C)
<b>Decomposition temperature:</b>	No data available.
<b>Viscosity:</b>	45 mm <sup>2</sup> /s ( 104 °F (40 °C) ) 7 mm <sup>2</sup> /s (100 °C (212 °F) )

## Other information

<b>Pour Point Temperature:</b>	-22 °F (-30 °C)
--------------------------------	-----------------

## 10. Stability and reactivity

<b>Reactivity:</b>	No data available.
<b>Chemical Stability:</b>	Material is stable under normal conditions.
<b>Possibility of hazardous reactions:</b>	Will not occur.
<b>Conditions to avoid:</b>	Do not expose to excessive heat, ignition sources, or oxidizing materials.
<b>Incompatible Materials:</b>	Strong acids. Strong oxidizing agents.
<b>Hazardous Decomposition Products:</b>	Thermal decomposition or combustion may generate smoke, carbon monoxide, carbon dioxide, and other products of incomplete combustion.

## 11. Toxicological information

### Information on likely routes of exposure

<b>Inhalation:</b>	No data available.
<b>Ingestion:</b>	No data available.
<b>Skin Contact:</b>	No data available.
<b>Eye contact:</b>	No data available.

### Information on toxicological effects

#### Acute toxicity

##### Oral

Product:	May cause irritation of the gastrointestinal tract. Not classified for acute toxicity based on available data.
----------	---

##### Dermal

Product:	Not classified for acute toxicity based on available data.
----------	--

##### Inhalation

Version: 3.0  
Revision Date: 02/21/2018

Product:

Prolonged exposure to vapors or mist may result in dizziness and nausea.

Not classified for acute toxicity based on available data.

**Skin Corrosion/Irritation:**

Product: Prolonged or repeated skin contact as from clothing wet with material may cause dermatitis. Symptoms may include redness, edema, drying, and cracking of the skin.  
Remarks: Not classified as a primary skin irritant.

**Serious Eye Damage/Eye Irritation:**

Product: Remarks: Not classified as a primary eye irritant.

**Respiratory sensitization:**

No data available

**Skin sensitization:**

Mineral oil Classification: Not a skin sensitizer. (Literature) Not a skin sensitizer.

Mineral oil Classification: Not a skin sensitizer. (Read across) Not a skin sensitizer.

**Specific Target Organ Toxicity - Single Exposure:**

Mineral oil If material is misted or if vapors are generated from heating, exposure may cause irritation of mucous membranes and the upper respiratory tract.

Mineral oil If material is misted or if vapors are generated from heating, exposure may cause irritation of mucous membranes and the upper respiratory tract.

Proprietary additive May cause irritation to the mucous membranes and upper respiratory tract.

**Aspiration Hazard:**

No data available

**Chronic Effects**

**Carcinogenicity:**

Product: This product contains mineral oils which are severely refined and not considered carcinogenic. All of the oils in this product have been demonstrated to contain less than 3% extractables by the IP 346 test.

Mineral oil This mineral oil has been severely refined and is not considered carcinogenic. This oil has been demonstrated to contain less than 3% extractables by the IP-346 test.

**IARC Monographs on the Evaluation of Carcinogenic Risks to Humans:**

No carcinogenic components identified

**US. National Toxicology Program (NTP) Report on Carcinogens:**

No carcinogenic components identified

**US. OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050):**

No carcinogenic components identified

**Germ Cell Mutagenicity:**

No data available

**Reproductive toxicity:**

No data available

**Specific Target Organ Toxicity - Repeated Exposure:**

No data available

## 12. Ecological information

### Ecotoxicity

#### Fish

Mineral oil LC 50 (Fathead Minnow, 4 d): > 100 mg/l

Mineral oil LC 50 (Rainbow Trout, 4 d): > 5,000 mg/l

#### Aquatic Invertebrates

Mineral oil EC 50 (Water flea (Daphnia magna), 2 d): > 10,000 mg/l  
EC 50 (Water flea (Daphnia magna), 21 d): > 10 mg/l  
NOEC (Water flea (Daphnia magna), 21 d): 10 mg/l

Mineral oil EC 50 (Water flea (Daphnia magna), 2 d): > 1,000 mg/l  
EC 50 (Water flea (Daphnia magna), 21 d): 10 mg/l  
NOEC (Water flea (Daphnia magna), 21 d): 10 mg/l

#### Toxicity to Aquatic Plants

Mineral oil EC 50 (Alga, 3 d): > 100 mg/l  
NOEC (Alga, 3 d): > 100 mg/l

#### Toxicity to soil dwelling organisms

No data available

#### Sediment Toxicity

No data available

#### Toxicity to Terrestrial Plants

No data available

#### Toxicity to Above-Ground Organisms

No data available

## Toxicity to microorganisms

No data available

## Persistence and Degradability

### Biodegradation

Mineral oil

OECD TG 301 F, 31 %, 28 d, Not readily degradable.  
OECD TG 301 B, 2 %, 28 d, Not readily degradable.

Mineral oil

OECD TG 301 F, 31 %, 28 d, Not readily degradable.

## Bioaccumulative Potential

### Bioconcentration Factor (BCF)

No data available

## Partition Coefficient n-octanol / water (log Kow)

No data available

## Mobility:

No data available

## Other Adverse Effects:

No data available.

## 13. Disposal considerations

### Disposal instructions:

Treatment, storage, transportation, and disposal must be in accordance with applicable Federal, State/Provincial, and Local regulations. Since emptied containers retain product residue, follow label warnings even after container is emptied.

### Contaminated Packaging:

Container packaging may exhibit hazards.

## 14. Transport information

### DOT

Not regulated.

### IMDG

Not regulated.

### IATA

Not regulated.

### Transport in bulk according to Annex II of MARPOL and the IBC Code

None known.

The DOT shipping information in this section is based on a bulk container. Please review the accompanying shipping papers for the correct shipping descriptions based the size of the package. Shipping descriptions may vary based on mode of transport, quantities, temperature of the material, package size, and/or origin and destination. It is the responsibility of the transporting organization to follow all applicable laws, regulations and rules relating to the transportation of the material. During transportation, steps must be taken to prevent load shifting or materials falling, and all relating legal statutes should be obeyed. Review classification requirements before shipping materials at elevated temperatures.

## 15. Regulatory information

### US Federal Regulations

#### TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)

None present or none present in regulated quantities.

#### CERCLA Hazardous Substance List (40 CFR 302.4)

None present or none present in regulated quantities.

### Superfund Amendments and Reauthorization Act of 1986 (SARA)

#### SARA 311 Classifications

Not classified

#### SARA 302 Extremely Hazardous Substance

None present or none present in regulated quantities.

#### SARA 304 Emergency Release Notification

None present or none present in regulated quantities.

#### SARA 313 (TRI Reporting)

None present or none present in regulated quantities.

### US State Regulations

#### US. California Proposition 65

No ingredient regulated by CA Prop 65 present.

### Inventory Status

#### United States (TSCA)

All substances contained in this product are listed on the TSCA inventory or are exempt.

*The information that was used to confirm the compliance status of this product may deviate from the chemical information shown in Section 3.*

## 16. Other information, including date of preparation or last revision

### HMIS Hazard ID

Health	1
Flammability	1
Physical Hazards	0

Hazard rating: 0 - Minimal; 1 - Slight; 2 - Moderate; 3 - Serious; 4 - Severe; RNP - Rating not possible; \*Chronic health effect

### NFPA Hazard ID

Hazard rating: 0 - Minimal; 1 - Slight; 2 - Moderate; 3 - Serious; 4 - Severe; RNP - Rating not possible

**Issue Date:** 02/21/2018  
**Version #:** 3.0  
**Source of information:** Internal company data and other publically available resources.  
**Further Information:** Contact supplier (see Section 1)  
**Disclaimer:** As the conditions or methods of use are beyond our control, we do not assume any responsibility and expressly disclaim any liability for any use of this product. Information contained herein is believed to be true and accurate but all statements or suggestions are made without warranty, expressed or implied, regarding accuracy of the information, the hazards connected with the use of the material or the results to be obtained from the use thereof. Compliance with all applicable federal, state, and local regulations remains the responsibility of the user.
